

Exploring the Probationary Path

For our meditation in our advanced webinar on 11/4/12, we moved through the Subtle Realm of the Superconscious—from the Annamayakosa to the center of the Magical Will. This webinar will extend your knowledge of what we term the Probationary Path—the zone of the Planetary Realm that ranges from the Biophysical Universe and the Wisdom Plane.

We will first summarize the content for each Plane. You will then monitor to see if any of the vehicles of consciousness on this Plane are active in you. You will meditate upon these vehicles, with an aim to determine how they operate in you. We will begin with the Biophysical Universe.

The Biophysical Universe

Plane	Content	Subplanes
Biophysical Universe	Culture and nature, Native American shamanic religion, tantric sexuality, origins of biological life, origins of the physical universe	Planetary Reunification Subplane – your re-unite your Soul Spark and the Soul, and become aware of the nature of your Soul.
		Culture Nature Subplane – you become aware of how the society and culture in which you live suppresses your instinctual drives, and seek to find a healthy balance.
		Shamanic Subplane – you become aware of the sacredness of the planet and nature, and strive to live in greater harmony with the Earth; for some, this may lead to involvement in environmental advocacy or ecological study.

As you unite your attention with this form, you will first attempt to visualize what it looks like, and what it feels like. Once you have a sense of the presence of the form, you will invite it to speak. You will ask it some questions, and listen for its response.

- What do you do? What is your function?
- How do you interface with the activity of my personality?
- What does the world look like from your perspective?
- What do you perceive is going on in the world that surrounds my personality?
- What is important to you? What do you care about?
- Is there any guidance that you wish to impart to me?
- How does my Soul or Higher Self express through you?

After you have engaged in this inner conversation, you want to thank this form for speaking with you.

You may wish to write down the insights you received in your spiritual journal, or reflect on the information you obtained to determine what is relevant and useful to your life.
